

A Global Engineering, Procurement & Construction Company

ABOUT PT.BLUE POWER INTERNATIONAL

We are a mechanical and
electrical contracting firm
with previous
international experience
in power plant projects

PT. Blue Power International. (BPI) is a private Indonesian Engineering Procurement & Construction (EPC) company, which began as a contracting firm in the mechanical and electrical sector when it was established in 2009. Since that time, we have expanded our services in Mechanical, Electrical, instrumentation and automation. We are a foreign direct investment company from Germany, and have already been trusted to handle international power plant projects, mainly in hydropower projects.

In order to provide the best quality and reliable services in the industry and power plant sector, we also work with corporations that produce premium mechanical and electrical products from Siemens, and Voith.

MILESTONE BLUE POWER INTERNATIONAL

2009 Establishment of
PT Blue Power Indonesia

2010 Assigned to conduct integrated pre-commissioning
and commissioning for control system of Project
Domestic Solid Waste Management Center. in Qatar

Project Gigel Gibe II, which was a governmental
project in Ethiopia to build 4 X 107 MW Hydro
Power Plants.

2011 Erected and installed generator winding for Karch-
an Wangtoo Hydro Power Plant in India. Conducted
local and international commissioning, for:

- Substation Automation System (SICAM PAS) for
850MW Coal Fire Power Plants, in Probolinggo,
East Java.
- Erection and Commissioning for 2 x 85 MW A Luoi
Hydro Power Plants, in Vietnam.

2012 Conducted local and international commissioning
and installation for:

- Generator. Automation system, pure water
system, fire alarm system and balance of plant
for Enguri Hydro Power Plant in Georgia.
- Installation for LV and MV switchgears, motors,
transformers, and lighting system in Bukit Muria
Jaya, Karawang, West Java.

2013 Conducted commissioning and installation for:

- Termination and Splicing of Fiber Optic Cable in
PLTG Kaltim
- Commissioning Protection Relay, KPC Project
Kaltim
- Commissioning LV MV Switchgear fo Panbil,
Batam

2014 Conducted commissioning and installation for:

- DSME Semiring Songa Project, Batam
- Injection 3 Phase Project Musim Mas, Medan
- 20 Cells MV Panel 8DB10 Pelindo II
- A Fiber Optic System For Acis Amole, Sub C South
and PPC West, PT. Freeport Indonesia, Papua
Barat

2015 Conducted local and international commissioning
and installation for:

- CFPP 2X30 MW PT. Antam Pomala, Sulawesi
- Erection and commissioning of the generators at
Baghilar Hydroelectric Power, HEP Baghilar
Stage II, India
- Commissioning Wampu HPP 3X15 MW

MILESTONE BLUE POWER INTERNATIONAL

2016

Conducted Local and international Commissioning and installation for:

- Testing and Commissioning for 150 kV GIS System PIK, Jakarta
- HULL ESSENTIAL LV/MV Switchgear Mechanical-Electrical Testing and commissioning Jangkrik Project, South Korea
- Testing and Commissioning Transformer PLTU Lintas Rengat Riau
- Erection and Commissioning Hydroelectric Power Project Ingula Pumped Storage 4x270 MW, South of Africa
- Erection and Commissioning Hydroelectric Power Project Mount Coffe Hydro Power 4x13 MW, Liberia

2017

Conducted Local and international Commissioning and installation for:

- Testing and Commissioning for Jangkrik Complex Project Development Floating Production unit (FPU)
- Testing 4- MW TG Package Relay Testing for Dumai Sugar Company
- Erection and Commissioning Hydroelectric Power Project Pumped Storage 4x270 MW, Ingula - South of Africa
- LV & MV Switchgear Maintenance service at Indorama Purwakarta
- Testing and Commissioning 150 kV and 270 kV Switchyard system at WOTU Makasar
- Tesing Generator Relay Panel, Transformer, LASCPT, HT Board 6,6KV at Dumai Sugar factory
- Electrical System Testing & Commissioning with Intertripping for GI Padang and GI Payakumbuh

2018

Conducted Local and international Commissioning and installation for:

- Erection and Commissioning Hydroelectric Power Project Mount Coffe Hydro Power 4x13 MW at Liberia
- Electrical Maintenance for Seadrill on Sevan Louisiana, Gulf of Mexico
- Individual Testing CT, CVT, DS 70kV and 150kV at 8 site area Warehouse of PLN TJBTB Project
- MV panel service, Electrical System Maintenance ,Testing & Commissioning at RAPP Pertamina up III, Palju
- MV Switchgear service, Electrical system Testing & Commisioning at Indocement Factory, Cibinong
- Preventive Maintenece Transformer Building at Kempinski Apartement
- Installation and commisioning of Generator and electrical balance of Hydro power plant Lamtakong 250MW, Thailand
- Electrical-Mechanical Maintenece service of Gardu Induk 150kV for PLN GI Takengon and GI Bireun, Aceh
- Peusangan 1 & 2 HEPP Lot IV testing commossioning , sub station (GI Takengon -ext GI Bireuen)
- Electrical System testing & Commissioning of HPP 1x48 MW Rajamandala, Bandung
- Erection/Installation & Commisioning work of 150kV Switchyard of PLTP 80MW Geothermal Muara Laboh, Supreme Energy

2019

Conducted Local and international Commissioning and installation for:

- Generator Mechanical Supervisor Service of HPP 1x48 MW Rajamandala, Bandung
- GIS/GIL 150kV - Electrical System Testing & Commissioning at PLN-GI 150kV Suvarna Sutra
- Installation of Mechanical-Electrical retrofit Relay at CRP Panels at Pertamina Plaju RU III
- Refurbishment service of SF6 CB 150kV at GIS Ketapang
- Pre-Commissioning of HV-Aparatus GIS 500KV and Transformer 60MVA at CFSP 2x1000MW Tanjung Jati B Expansion unit 5 & 6, Jepara
- SF6 Analyzer Testing and SF6 Filling service by DILO testing machine at CFSP 2x1000MW Tanjung Jati B Expansion unit 5 & 6, Jepara

VISION

To become a global competitor in Industrial and the power plant industry

MISION

- To be a reliable partner to all clients
- To serve significantly and positively, the needs of our clients
- To provide superior quality services to ensure the maximum satisfaction of our clients

MOTTO

A Global Engineering, Procurement & Construction Company

In accordance with our motto, "A Global Engineering, Procurement & Construction Company," we have already led international-scale projects, particularly power plant projects. By 2012, we had already completed a number of projects overseas, including projects in: Ethiopia, Qatar, India, Vietnam and Georgia. In the future, we hope to lead even larger international projects, especially in the energy sector.

CORPORATE VALUES

In order to continuously improve the quality of our services, and to reach our mission of providing superior quality services and ensuring the highest level of satisfaction for our clients, we apply the following values in our business:

1. Clean Business

We emphasize fair competition; this means that we do not accept any illegal agreements that can be done through the tender process. Moreover, BPI runs all projects effectively and efficiently in order to reach maximum satisfaction for our customers. We prohibit any hidden costs and markups that are often added by corrupt businesses. Hence, in our first year, we were assigned to the governmental power plant project in Ethiopia. Due to our policy, we continue to grow by taking part in other projects, both local and interna-

2. Continuous improvement

We are always moving forward in an effort to stay ahead of our competitors in providing integrated solutions in mechanical, electrical and IT systems. Therefore, we constantly update our knowledge and improve our equipment with the most advanced technology and products, so that we can improve our range of services.

We are committed to fair
competition in order to deliver
effective and efficient solutions
for our client's projects

Our business strategy is not to get ahead of others,
but to get ahead of ourselves to **break our own records**,
to outstrip our yesterday by our today

We provide
comprehensive and
integrative services
in engineering, procurement,
construction/installation,
and commissioning
for mechanical,
electrical, instrumentation
and automation

PRODUCTS & SERVICES

PRODUCTS

As a reseller of various brands of mechanical, electrical and IT products, BPI is also able to provide many high-quality products with international standardization. We have competitive pricing, which can be adjusted to fit any budget; but, quality always comes first. For the most part, we supply products from Siemens, ABB, Astern, Voith, Schneider, Mitsubishi, Toshiba Etc...

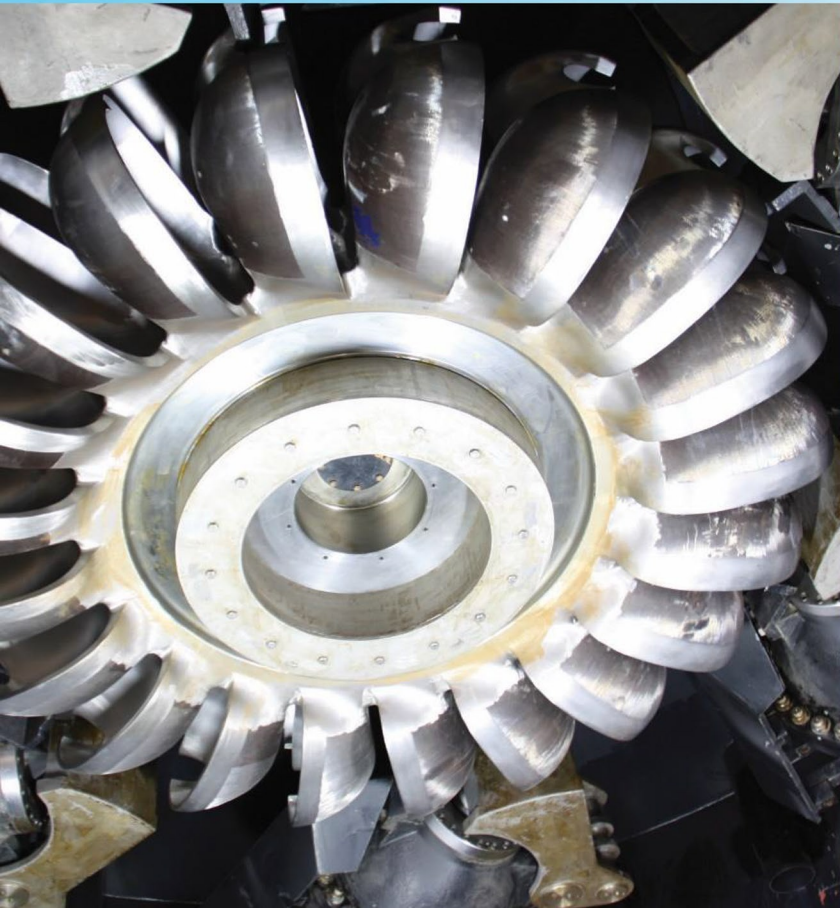

SERVICES

In the beginning, we focused only on mechanical and electrical services. But now, after gaining international experience, particularly in the hydropower plant industry, we have expanded our services to include the following:

1. Electrical and Instrumentation

General electrical and instrumentation are large parts of our main business. We combine electrical and field instrumentation with automation and control using our power and expertise in applied technology. Some of the electrical products that we work with include:

1. Low Voltage MCC
2. MV Switch Gear
3. High Voltage Switch Yard
4. Generators
5. Transformers
6. Field Instruments
7. UPS and Battery Chargers

2. Mechanical

The hydropower plant is our main experience for the erection and installation of mechanical systems. We are experienced at erecting a hydropower plant using complex equipment and techniques, such as:

1. Turbine and Inlet Valve
2. Generator Winding Installation
3. Generator Erection
4. Mechanical Balance of plant, which consists of:
 - Cooling Water System (Pumps and Piping)
 - Overhead Crane
 - Firefighting system
 - Hydraulic System
 - Water Treatment Plant
 - Diesel Generator Set
 - Heating Ventilation and Air Condition System (HVAC)

3. Automation and Control

Automation and control systems play an important part in industrial, power plant, oil and gas, chemicals, cement, food and beverage, water treatment, and other sectors. BPI offers advance automation and control technology to our clients, such as:

1. Programmable Logic Control
2. Distributed Control System
3. Substation Automation System
4. SCADA and Tele-control System

4. Information Technology and Network

Management information systems in industrial business consist of an information technology and networking system. Developing advanced IT automation is our goal, in order to find alternative solutions with reliability and minimum cost. BPI is able to develop a complete networking system using:

1. Fiber-optic technology
2. Advance database programming
3. Application software
4. OPC interfacing communication for advanced IT automation

Our services are designed to offer comprehensive and integrative solutions for our clients. Even so, clients are welcome to ask for single services, such as installation, testing and commissioning, control system, etc.

TARGET MARKET

We serve local and international markets in:

- Power Plants Companies
- Oil and Gas Companies
- Industrial Manufacturing
- Building

OBJECTIVE

PT Blue Power Indonesia intends not only to supply products, but also to provide integrative solutions in mechanical and engineering services. The solutions that we provide are intended to support the effectiveness and the efficiency of machine and engine performance. Furthermore, we also help to look for alternative products and installations, which we highly believe will lead to sustainable and long-lasting performance of power supply and information technology devices.

Our goal is
to offer the most effective
and efficient solutions
possible for our clients

HUMAN RESOURCES

Our technical team has been working in the mechanical and electrical engineering sector for more than 15 years. Our employees came from many high-profile brands, such as Siemens; therefore, they have are highly knowledgeable about our products. In addition, we also have expat workers, including from Germany.

LEGAL DOCUMENT

1. Capital Registration Number (BKPM) : 1916/1/PMA/2008 dated 27 Nov 2008
2. Notary Decree : Irma Devita Purnamasari
3. Notary Deed No: 04
4. Tax Number (NPWP) : 1.068.106.0-432.000
5. Company Registration (TDP): 102617406038
6. Minister of Law & Human Right: AHU-09159.AH.01.01 th 2009

RANGE OF ASSETS & EQUIPMENT

To support our integrative services, we have a wide range of machinery and tools, particularly in testing and commissioning, power supply devices, and installations. We strive to improve our equipment and tools, in quantity, quality and technology, so that in the future we will be able to offer an even wider range of services.

Machinery

- Diesel generators
- Air compressors
- Welding machines
- Portable drilling machines of different sizes
- Fixed vertical drilling machines
- Material transport trailers

Tools

Diferent set of tools and accessories may be used for installations, which are selected to suit individual applications.

Testing Equipment

- Secondary injection test set (Relay test)
- Primary injection test set
- Current Booster Test
- Tand Delta / Power factor Test
- Full Function Tester Kit
- 3 Phase Power Meter
- SF6 Multi Analyzer
- Vibration Analysis and balancing device

- Ducter Test Micro ohm Meter DLRO
- Hipot Test
- Insulation tester (meggers)
- Continuity tester
- Portable Oil Test Set
- Power Quality and Energy Analyzer
- Fiber Optic OTDR
- Fiber Optic Fusion Splicer
- CT Analyzer
- Three-Phase Transformer Turns Ratio
- Sweep Frequency Response Analyzers
- HV AC/DC dielectric testing equipment
- Measuring instruments (multi-meters)
- Scop meter
- Dynamometers
- High voltage detector up to 36 KV
- Circuit Breaker Analyzer
- Torque wrench
- Cable fault locator
- Clip-on meters
- Earth sticks

Most clients **trust in us** to execute testing and commissioning projects because of our **outstanding knowledge** in various types and brands of mechanical and electrical products

STRENGTH POINTS

BPI is ready to cooperate with local or international partners and entities to lead mechanical and electrical projects and to develop the power industry. With our strength points, we strongly believe that we can deliver a successful and profitable venture with our clients.

Experienced in International Projects

With our experience with international projects, especially in the power plant sector in Ethiopia, Qatar, India, Vietnam and Georgia, we have the ability and experience necessary to handle large-scale projects, middle-scale projects, and small-scale projects, impeccably.

Professional and Highly Experienced Technical Team

Our technical team consists of expat and Indonesian engineers with more than 20 years of experience working in the mechanical and electrical industry, both in this country and overseas.

Comprehensive and Integrative Services

Currently, BPI provides not only mechanical and electrical services, but also instrumentation and automation. All our services are intended to deliver comprehensive and integrative services in order to gain clients' total satisfaction.

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments,
We have handle project, both local and international, as shown below:

2021	Project: PLN - GIS 150kV Tambak Lorok Service: GIS 150kV -Installation & Testing Commissioning	Client: PT ABB Sakti Industri
2020	Project: Cirebon 2, 1x1000 MW Coal Fired Steam Power Plant Project Service: Scope of Supply: Rental Test Equipment	Client: PT. Toshiba Asia Pacific Indonesia
2020	Project: Indramayu 500KV Substation, Erection & Installation Service: Erection , Installation & Individual Testing	Client: HITACHI ABB Power Grids
2020	Project: Peranap 500KV Substation, Erection & Installation Service: Erection , Installation & Individual Testing	Client: PT ABB Sakti Industri
2019	Project: Supply Equipment tester Service: Supply of KOCOS Promet - Contact Resistance test	Client: CV. Sinergy Indo Pratama
2019	Project: Supply Equipment tester Service: Supply of KOCOS Promet - Contact Resistance test	Client: PT. Satyamitra Surya Perkasa
2019	Project: CFSP 2x1000MW Tanjung Jati B Expansion, Jepara Service: Pre-Commissioning of GIS 500KV	Client: PT. Toshiba Asia Pacific Indonesia
2019	Project: CFSP 2x1000MW Tanjung Jati B Expansion, Jepara Service: SF6 Testing service of DILO Economic series machine, and Analyzer testing	Client: PT. Toshiba Asia Pacific Indonesia
2019	Project: CFSP 2x1000MW Tanjung Jati B Expansion, Jepara Service: Equipment testing of Transformer 60MVA and CT 500kV	Client: PT. Toshiba Asia Pacific Indonesia
2019	Project: CFSP 2x1000MW Tanjung Jati B Expansion, Jepara Service: Equipment testing of Votano CVT 500kV	Client: PT. TPSC Engineering Indonesia
2019	Project: HEPP 1x48 MW Rajamandala, Bandung Service: Generator Mechanical Supervisor Service	Client: Nippa Tech CO,Ltd
2019	Project: Semangka HPP 2x28 MW, Lampung Service: HV Tesing - Electrical Equipment testing	Client: Voith Hydro Indonesia
2019	Project: PLN - GIS+GIL 150kV Suvarna Sutra Service: GIS/GIL 150kV - Electrical System Testing & Commissioning	Client: PT. Siemens Indonesia
2019	Project: Rental Equipment for 2 Location project Service: Rental service of : DLRO, Fluke 435, CPC100, Hipot AC 50kV	Client: PT. Siemens Indonesia
2019	Project: GI Cikarang and Pertamina Plaju RU III Service: Installation of Mechanical-Electrical retrofit Relay at CRP Panels	Client: PT. ABB Sakti Industri
2019	Project: Rental Equipment for 7 Location project Service: Rental service of : DLRO, CMC 356, MIT2302, CPC100	Client: PT. ABB Sakti Industri
2019	Project: GIS Ketapang Service: Overhaul of Maintenance GIS Ketapang	Client: PT. ABB Sakti Industri
2019	Project: Rental Equipment for 7 Location project Service: Rental service of : DLRO, CMC 356, CPC100, Hipot DC 50kV	Client: PT. Cipta Wisesa Energi
2019	Project: Rental Equipment & Engineer for 5 Location project Service: Rental Equipment with service Engineer	Client: PT. Global Solution Engineering
2019	Project: 5 PLN Gardu Induk area substation Project Service: Rental Equipment service of DILO Economic series machine	Client: PT. Graha Usaha Teknik
2019	Project: Rental Equipment for 3 Location project Service: Rental service of : DLRO, CMC 356, CPC100, Kocos Promet	Client: PT. PT. Catur Elang Perkasa

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2019	Project: Rental Equipment for 7 Location project Service: Rental service of : FFTK, DLRO, CMC356, MIT2302, Earth Tester, CPC100, Hipot AC 50kV	Client: PT. Schneider Electric
2018 - 2019	Project: LRT Jakpro, Kelapa Gading Service: Splicing & Testing FO Cable , Supply Material and service work	Client: PT. Len Industri (Persero)
2018 - 2019	Project: Mount Coffe Hydro Power 4x13MW, Liberia Service: Service Charge Erction and Commissioning Hydroelectric Power Project	Client: Voith Hydro Liberia
2018 - 2019	Project: Hydro power plant Lamtakong 250MW, Thailand Service: Deputation of generator and electricsl balance of plant installation and commisioning	Client: Voith Hydro Shanghai Ltd
2018 - 2019	Project: PLTP 80MW Geothermal Muara Laboh, Supreme Energy Service: Erection/Installation & Commisioning work of 150kV Switchyard	Client: PT. ABB Sakti Industri
2018 - 2019	Project: HPP 1x48 MW Rajamandala, Bandung Service: Electrical System testing & Commissioning	Client: Hyundai Engineering & Construction Co.,Ltd
2018 - 2019	Project: 11 PLN Gardu Induk area substation Project Service: HSE - Safety Officer service for Gardu Induk site Project	Client: PT. ABB Sakti Industri
2018 - 2019	Project: 29 substation PLN Gardu Induk at Sumatra, Jawa & Kalimantan Service: Electrical System testing & Commissioning	Client: PT. ABB Sakti Industri
2018	Project: 11 substation system for PLN Gardu Induk Service: Electrical System testing & Commissioning at Factory for FAT	Client: PT. ABB Sakti Industri
2018	Project: Rental Equipment for 10 Location project Service: Rental service of : DLRO, CMC 356, MIT2302, Fluke354, CPC100, Hipot AC 50kV	Client: PT. ABB Sakti Industri
2018	Project: PLN Gardu Induk Takengon & Bireun, Aceh Service: Elecrical-Mechanical Maintenace service of Gardu Induk 150kV	Client: PT. ABB Sakti Industri
2018	Project: Seadrill Sevan Louisiana Service: Service Charge for Commissioning Engineer	Client: Sevan Drilling Nort America LLC
2018	Project: PLN GI Batang Service: Rental Equipment service of DILO Economic series machine	Client: CV. Synergi Indo Pratama
2018	Project: Rental Equipment for 4 Location project Service: Rental service of : DLRO, CMC 356, MIT2302, Fluke354, CPC100, Hipot AC 50kV	Client: PT. Cipta Wisesa Energi
2018	Project: Rental Equipment for 3 Location project Service: Rental service of : DLRO, CBA, CPC100, Hipot AC 50kV	Client: PT. Global Solution Engineering
2018	Project: 5 PLN Gardu Induk area substation Project Service: Splicing & Testing FO Cable service	Client: PT. Graha Usaha Teknik
2018	Project: Rental Equipment for 7 Location project Service: Rental service of : DLRO, CMC 356, CPC100, Hipot AC 50kV, Tan Delta	Client: PT. Graha Usaha Teknik
2018	Project: Rental Equipment for 17 Location project Service: Rental service of : FFTK, DLRO, CMC356, MIT2302, Earth Tester, CPC100, Hipot AC 50kV	Client: PT. Schneider Electric
2018	Project: PLN TJBTB project, 8 site warehouse PLN Service: Individual Testing CT, CVT, DS 70kV and 150kV at Warehouse PLN	Client: PT. Siemens Indonesia
2018	Project: PLN - GI Padang & Payakumbuh Project Service: Electrical System Testing & Commissioning with Intertripping	Client: PT. Siemens Indonesia
2018	Project: PLN Gardu Induk Begawan & Martapura Service: Inspection and Testing CT, CVT 70/150 kV	Client: PT. Siemens Indonesia
2018	Project: RAPP Pertamina Plaju Service: Maintenace MV panel service, Electrical System Testing & Commissioning	Client: PT. Siemens Indonesia

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2018	Project: Apartment Kempinski Service: Preventive Maintenance Trafo Building	Client: PT. Siemens Indonesia
2018	Project: GI Bantaeng & GIS Tambun Service: Relay testing, Electrical System Testing & Commissioning	Client: PT. Siemens Indonesia
2018	Project: Sulfindo Merak Project Service: SF6 Gas filling, Analyzer and Testing	Client: PT. Siemens Indonesia
2018	Project: Sulfindo Merak Project Service: SF6 Gas filling, Analyzer Testing, and CPC 100 rental equipment	Client: PT. Sulfindo Adiusaha
2018	Project: Indocement Factory, Cibinong Service: MV Switcgear service, Electrical system Testing & Commisioning	Client: PT. Eksakta Sinergi Indonesia
2017 - 2018	Project: Sucofindo Bengkulu Project Service: Switcgear service & Testing at Bengkulu	Client: PT. Sucofindo
2017 - 2018	Project: HPP Victoria Dam, Srilanka Service: Service Charge for Documentation and Storage/ Material at Sri langka Project Victoria	Client: Voith Hydro GmnG & Co.KG
2017 - 2018	Project: Semangka HPP 2x28 MW, Lampung Service: SF6 Testing Analyzer DIL0 series and Electrical System testing & Commissioning	Client: Voith Hydro Private Limited
2017 - 2018	Project: Sarulla Project Service: Electrical System testing & Commissioning	Client: Hyundai Engineering & Construction Co.,Ltd
2017 - 2018	Project: PLN - GI 275kV & 150kV Wotu Service: Gardu Induk - Electrical System Testing & Commissioning	Client: PT. Siemens Indonesia
2017	Project: Ingula Pumped Storage 4x270 MW, South of Africa Service: Service Charge Commissioning Hydroelectric Power Project	Client: Voith Hydro GmnG & Co.KG
2017	Project: Exxson Mobile - Alsthom Singapore Service: Rental Equipment service of Omicron CMC 356 secondary injection with Higher End Differential Protection	Client: Voltech Singapore Pte.Ltd
2017	Project: PLN - GI Cikupa Project Service: Commisioning engineer service with Equipment Tools	Client: PT. ABB Sakti Industri
2017	Project: GI Lubuk Linggau Bangko Project Service: Testing Equipment service with Operator	Client: PT. ABB Sakti Industri
2017	Project: SOGI Package 4 - at solo Service: HSE - Safety Officer service for Gardu Induk site Project	Client: PT. ABB Sakti Industri
2017	Project: PLN - GI SOLO Project Service: Retrofit CRP Panels - SOGI and Relays	Client: PT. ABB Sakti Industri
2017	Project: PLN - GI 150kV Duri Kosambi Project Service: Electrical System testing & Commissioning	Client: PT. Siemens Indonesia
2017	Project: Indorama-Purwakarta Project Service: LV/MV Switcgear Maintenance service, Mechanical Electrical Testing	Client: PT. Siemens Indonesia
2017	Project: Jangkrik Karimun Service: LV/MV Switcgear, Mechanical Electrical Testing & Commisioning	Client: PT. Siemens Indonesia
2017	Project: Indarung Project - Semen Padang Service: Electrical System Testing & Commissioning	Client: PT. Siemens Indonesia
2017	Project: PLN - GI Padang & Payakumbuh Project Service: Electrical System Testing & Commissioning with Intertripping	Client: PT. Siemens Indonesia

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2017	Project: Chevron Goethermal power plant at Gunung salak Service: Rental Equipment service of DILO Economic series machine	Client: PT. Graha Usaha Teknik
2017	Project: Rental Equipment for 15 Location project Service: Rental service of : FFTK, DLRO, Ecofit ACB, MIT2302, Fluke354, CPC100, Hipot AC 50kV	Client: PT. Schneider Indonesia
2017	Project: PLTH Karaha Bodas Tasik Service: Electrical System Testing service	Client: PT. Schneider Indonesia
2017	Project: FAT GCP Panels Project Service: FAT service for Testing of GCP Panels	Client: PT. Schneider Indonesia
2017	Project: GI Tanjung Uncang-Batam Service: Individual Testing service of Curent Transformer 70kV	Client: PT. Schneider Indonesia
2017	Project: Cilegon Project Service: Relay Testing Service	Client: PT. Schneider Indonesia
2017	Project: BRIDGESTONE Karawang Service: Nissin Switchgear Maintenance service	Client: PT. Cahaya Indah Utama Sejahtera
2017	Project: Gajah Tunggal Project Service: Electric Panel Wiring & Installation	Client: PT. ABB Sakti Industri
2017	Project: PLTU Kupang Project Service: LV/MV Switchgear, electrical System Testing & Commissioning	Client: PT. Santosa Makmur Sejahtera Energy
2017	Project: Mandiri Dinamika Sejahtera Service: Electrical System Testing	Client: PT. Mandiri Dinamika Sejahtera
2017	Project: Libra Dwi Kartika Service: Tangen Delta Testing	Client: PT. Libra Dwi Kartika
2017	Project: PHE WMO Project Service: LV Switchgear Modification at KES Platform	Client: PT. Fedsin Rekayasa Pratama
2017	Project: Testing 4- MW TG Package for Sugar Company Dumai Service: Testing Relay	Client: PT. Putri Utami Dumai
2017	Project: Site work PLTU Lintas Rengat Riau Service: Testing and Commissioning for Floating Production Unit (FPU) for the Jangkrik Complex Project development	Client: Siemens Indonesia & Singapore
2017	Project: Project:Sugar Factory at Dumai Service: Tesing Generator Relay Panel, Transformer, LASCPT, HT Board 6,6KV at Dumai	Joint Operation with ISGEC as Main Contractor
2016	Project: Site work PLTU Lintas Rengat Riau Service: Testing and commissioning Trafo	Client: PT. PITIBO DELYKARYA & ABB
2016	Project: Jangkrik Project, South Korea Service: HULL ESSENTIAL LV/MV Switchgear Mechanical-Electrical Testing and commissioning	Client: Siemens Indonesia & Singapore
2015 - 2016	Project: GI Pantai Indah Kapuk Service: Testing and commissioning for 150kV GIS system consist of 4 line Bys, 2 Transformer Bays and 1 Coupler Bay and Relay Control	Client: PT. Siemens Indonesia
2015 - 2017	Project: Mount Coffe Hydro Power 4x13 MW, Liberia Service: Erection and Commissioning Hydroelectric Power Project	Client: Voith Hydro Gmbh &Co.KG
2015 - 2017	Project: Ingula Pumped Storage 4x270 MW, South of Africa Service: Erection and Commissioning Hydroelectric Power Project	Client: Voith Hydro Gmbh &Co.KG
2015	Project: Wampu HPP 3x15 MW, Medan Service: Supervisory Specialists for Commissioning Consultancy	Client: Voith Hydro Gmbh &Co.KG

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2015	Project: CFPP 2X30 MW PT. Antam Pomala Service: Commissioning Electrical system	Client: PT. Schneider Electric
2015	Project: PT Semacom Integrated Service: Sevice: Testing simoprime	Client: PT. Semacom Integrated
2015	Project: Siemens-Kepodang Project, Batam Service: Sevice: Commissioning Siprotec Relay and Funcionality of switchgear	Cooperation with PT. Graha Usaha Teknik
2015	Project: PLTU Payton Unit#7 Service: Fiber Optic Splicing and Testing	Client: PT. Benfort Dwiputra Sinergi
2015	Project: PT. Freeport Indonesia, Papua Barat Service: Testing of Fiber Optic Cable Over DMLZ EBB to Acis Sub	Client: PT. Freeport Indonesia
2015	Project: HEP Baghilar Stage II, India Service: Erection of the generators at Baghilar Hydroelectric Power Project	Client: Voith Hydro Pvt Ltd A-20&21, India
2015	Project: Siemens LTD Korea Semiring Songa. Service: Commissioning for DSME Semiring Songa Project.	Cooperation with PT. Graha Usaha Teknik
2015	Project: BI Building Jakarta Service: Tangen Delta Testing for Transformer in BI Building Jakarta	Client: PT. Schneider Electric
2015	Project: Cong Thanh Cement Plant Thanh Hoa Province-Tinh Gia Service: Commissioning for LV MCC package CTC	Client: PT. Siemens Ltd, Vietnam
2015	Project: ITP Cibinong Project Service: Commissioning Electrical system for ITP Cibinong P2 Project	Client: PT. Schneider Electric
2015	Project: HEP Baghilar Stage II, India Service: Erection of the generators at Baghilar Hydroelectric Power Project	Client: Voith Hydro Gmbh &Co.KG
2015	Project: BI Building Jakarta Service: Tangen Delta Testing for Transformer in BI Building Jakarta	Client: PT. Schneider Electric
2014	Project: Bank Indonesia Service: Tan Delta test For transformer Test	Client: PT. Schneider Electric
2014	Project: PT. Schneider Indonesia Service: Testing Electrical system	Client: PT. Schneider Electric
2014	Project: PT. Schneider Indonesia Service: Installation Communication MV & LV Panel	Client: PT. Schneider Electric
2014	Project: Siemens LTD Korea Semiring Songa. Service: Commissioning for DSME Semiring Songa Project.	Cooperation with PT. Graha Usaha Teknik
2014	Project: Cement Mill in Dumai Clinker Service: Commissioning Cement Mill in Dumai Clinker	Cooperation with PT. Graha Usaha Teknik
2014	Project: PLTU Kaban Agung Lahat Palembang Service: Commissioning PLTU Kaban Agung Lahat Palembang Project	Cooperation with PT. Graha Usaha Teknik
2014	Project: PT. Pertamina-Talisman Jambi Merang Service: MV/LV Switchgear Maintenance And Protective Relay Calibration	Client: PT. Pertamina-Talisman Jambi Merang
2014	Project: IKPP UPS Project Service: Commissioning for IKPP UPS Project	Client: PT. Siemens Indonesia
2014	Project: Siemens_Ltd-SONGA Project Service: Commissioning Electrical system	Cooperation with PT. Graha Usaha Teknik

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2014	Project: Loesche_Comm Dumai Clinker Project Service: Commissioning for Cement Mill Equipment	Cooperation with PT. Graha Usaha Teknik
2014	Project: Pelindo II Project Service: instalasi and commissioning of In Class and Onsite Training for MV SWG 8DB10 for Pelindo II Project	Client: PT. Siemens Indonesia
2014	Project: PT. Schneider Indonesia_Project Musim Mas Medan Service: Injection 3 Phase Project Musim Mas Medan	Client: PT. Schneider Electric
2014	Project: PT. Profelaute Sistem Indonesia Service: Inject Sepam at Graha XL	Client: PT. Profelaute Sistem Indonesia
2014	Project: PT. ABB_Test a & Comm PLTU Kaltim Project Service: Commissioning and testing CB 150 Kv	Cooperation with PT. Graha Usaha Teknik
2014	Project: Freeport Project Service: Assembling of Transformer	Client: PT. Siemens Indonesia
2014	Project: Out-of-Pit Crushing and Conveying System Service: Commissioning and testing	Client: PT. FLSmidth Indonesia
2014	Project: HEP Baghilar Stage II, India Service: Erection of the generators at Baghilar Hydroelectric Power Project	Client: Voith Hydro Gmbh &Co.KG
2014	Project: Engury Project in Georgia Service: Commissioning in Engury Project in Georgia	Client: Voith Hydro Gmbh &Co.KG
2014	Project: PTSI_Major Outage Muara Tawar 2014 Service: Commissioning PTSI_Major Outage Muara Tawar 2014	Cooperation with PT. Graha Usaha Teknik
2014	Project: Gunanusa-Yadana Project Service: HIPOT Testing	Cooperation with PT. Graha Usaha Teknik
2014	Project: ITP Cibinong Project Service: Commissioning Electrical system for ITP Cibinong P2 Project	Client: PT. Schneider Electric
2014	Project: ITP P10 Marshalling Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2014	Project: PT. Freeport Indonesia, Papua Barat Service: Testing of Fiber Optic System For Acis Amole, Sub C South and PPC West	Client: PT. Freeport Indonesia
2014	Project: PT. Kanger Consolidated Industries Service: Commissioning for setting Protection Relay Siemens	Client: PT. Kanger Consolidated Industries
2014	Project: Hydro power Plant in Burundi Service: Installation Hydro power Plant in Burundi	Client: Voith Hydro Gmbh &Co.KG
2014	Project: PT Technical South East Asia Service: Fiber Optic Splicing and Testing	Client: PT. Technical South East Asia
2014	Project: PT Asia Pacific Fibers, Karawang Service: Testing and servicing of protection relays of Asia Pacific Fiber.Complex by secondary injection	Client: PT. Asia Pacific Fibers, Karawang
2013	Project: PT Freeport Indonesia Service: Investigation of GIS 115kV-340C-8000315.01	Client: PT. Siemens Indonesia
2013	Project: PT Ozone Food Center Pantai INDAH Kapuk Service: Installation & Service base frame MDB	Client: PT. Pusaka Jaya Luhur Abadi
2013	Project: PT Global Solution Engineering Service: Splicing and Testing Fiber Optic	Client: PT. Global Solution Engineering

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2013	Project: PT. Unilever Walls Service: Maintenance of MV Panel	Client: PT. Siemens Indonesia
2013	Project: PT WIKA PLTG Kaltim (Peaking) Project Service: Termination and Splicing of Fiber Optic Cable	Cooperation with PT. Graha Usaha Teknik
2013	Project: PT Satya Mitra Surya Perkasa Service: Design, Engineering, Installation & Testing Automatic Transfer Switch system for 6kV MV Switchgear	Client: PT. Satya Mitra Surya Perkasa
2013	Project: PT Satya Mitra Surya Perkasa Service: Commissioning for setting Protection Relay Siemens Siprotec 7UT613	Client: PT. Satya Mitra Surya Perkasa
2013	Project: PT Satya Mitra Surya Perkasa Service: Commissioning for setting Protection Relay Siemens Siprotec 7UT613	Client: PT. Satya Mitra Surya Perkasa
2013	Project: Kendal, Semarang - Jawa Tengah Service: Commissioning Electrical system	Client: CV. Sinar Kemulyaan
2013	Project: MV Switchgear Simoprem SA4 for panbil, Batam Service: Commissioning LV MV Switchgear	Client: PT. Siemens Indonesia
2013	Project: PT Kalbe Farma Service: Trouble shooting MV Panel at Kalbe Farma	Client: PT. Siemens Indonesia
2013	Project: Turbine Maintenance for A luoi project in Vietnam Service: Turbine maintenance in Vietnam	Client: Voith Hydro Gmbh &Co.KG
2013	Project: Engury Project in Georgia Service: Commissioning in Engury Project in Georgia	Client: Voith Hydro Gmbh &Co.KG
2013	Project: Engury Project in Georgia Service: Generator Suprvision	Client: Voith Hydro Gmbh &Co.KG
2013	Project: PT ULI Service: Preventive Maintenance of LV & MV Panel at skin plant	Client: PT. Siemens Indonesia
2013	Project: BUT POSCO Merak Service: Commissioning LV MV Switcgear and Transformer for Ash and Coal Handling	Cooperation with PT. Graha Usaha Teknik
2013	Project: PT Satya Mitra Surya Perkasa Service: Commissioning for setting Protection Relay Siemens Siprotec 7UT613	Client: PT. Satya Mitra Surya Perkasa
2013	Project: PT ABB CFPP Merak Service: Commissioning 2 Line LV Switchgear	Cooperation with PT. Graha Usaha Teknik
2013	Project: EHMRW-TIMAS-CONOCO Service: Commissioning for setting Protection Relay Siemens	Client: PT. Siemens Indonesia
2013	Project: Bukit Muria Jaya Karawang PM#3 Project Service: Additional Work for Service Installation	Client: PT. Siemens Indonesia
2013	Project: PT Holcim, Narogong Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2013	Project: PT Indocement Service: Commissioning SIVACON LV Cubicle at Indocement	Client: PT. Siemens Indonesia
2013	Project: PT ABB Indorama Service: Splicing and Testing of Fiber Optic	Cooperation with PT. Graha Usaha Teknik
2013	Project: PT ABB Indorama Service: Splicing and Testing of Fiber Optic	Cooperation with PT. Graha Usaha Teknik

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments,
We have handle project, both local and international, as shown below:

2013	Project: KPC Project Service: Commissioning for setting Protection Relay Siemens	Client: PT. Siemens Indonesia
2013	Project: 150kV GI CKL PS Phase VII Project Service: Grouting for HV Equipment Fondations	Client: PT. Siemens Indonesia
2013	Project: Ratu Plaza Service: Installation Trafo	Client: PT. Siemens Indonesia
2012	Project: PT Freeport Indonesia Service: Investigation of GIS 115kV-34OC-8000315.01	Client: PT. Siemens Indonesia
2012	Project: PT. Conoco Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2012	Project: PT. Unilever Indonesia, 7 Skin Project Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2012	Project: Antam Project Service: Electrical Service for Antam Project	Client: PT. Siemens Indonesia
2012	Project: PT. Schulman Plastic Surabaya Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2012	Project: PT. Schulman Plastic Surabaya Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2012	Project: KNI Plant Bontang Service: Preventive maintenance	Client: PT. Siemens Indonesia
2012	Project: Kaltim Prima Coal, Sangata Kalimantan Timur Service: Commissioning Medium Voltage Switch gear.	Client: PT. Siemens Indonesia
2012	Project: Ratu Plaza Power System Upgrading, Jakarta Service: Dismantling, Installation and Commissioning Transformer and MV Switchgear equipment.and MV Switchgear equipment.	Client: PT. Siemens Indonesia
2012	Project: Riau Andalan Pulp And paper, Riau Service: Maintenance MV Switchgear Siemens Simoprem	Client: PT. Siemens Indonesia
2012	Project: PT. Kahatex Bandung Service: Installation and Commissioning for Automation system Upgrading.	Client: PT. Siemens Indonesia
2012	Project: Unilever Plants Cikarang. Service: MV and LV distribution Preventive Maintenance	Client: PT. Siemens Indonesia
2012	Project: Antam Project Service: Electrical Service for Antam Project	Client: PT. Siemens Indonesia
2012	Project: PT. Schulman Plastic Surabaya Service: Commissioning Electrical system	Client: PT. Siemens Indonesia
2012	Project: KNI Plant Bontang Service: Preventive maintenance	Client: PT. Siemens Indonesia
2012	Project: Kaltim Prima Coal, Sangata Kalimantan Timur Service: Commissioning Medium Voltage Switchgear.	Client: PT. Siemens Indonesia
2012	Project: Ratu Plaza Power System Upgrading, Jakarta Service: Dismantling, Installation and Commissioning Transformer and MV Switchgear equipment.	Client: PT. Siemens Indonesia
2012	Project: Riau Andalan Pulp And paper, Riau Service: Maintenance MV Switchgear Siemens Simoprem	Client: PT. Siemens Indonesia

Client and Project

As evidence of our ability to provide mechanical and electrical service in all segments, We have handle project, both local and international, as shown below:

2012	Project: PT. Kahatex Bandung Service: Installation and Commissioning for Automation system Upgrading.	Client: PT. Siemens Indonesia
2012	Project: Unilever Plants Cikarang. Service: MV and LV distribution Preventive Maintenance	Client: PT. Siemens Indonesia
2012	Project: Unilever Plants Cikarang. Service: MV and LV distribution Preventive	Client: PT. Siemens Indonesia
2012	Project: SementTonasa Cement Plant. Service: Fiber Optic Splicing and Testing for CCTV and SCADA System network.	Cooperation with PT. Graha Usaha Teknik
2012	Project: 500/150 KV Kesugihan Substation, Cilacap Jawa Tengah Service: Pre-Commissioning HV equipment and Protection Relay	Client: PT. Siemens Indonesia
2012	Project: PT.Gunawan Dianjaya Steel, Steel factory rehabilitation Service: Commissioning Transformer, LV and MV Switchgear	Client: PT. Siemens Indonesia
2012	Project: Indocement, Bogor Service: Installation and Commissioning Siemens Sivacon LV Switchgear.	Client: PT. Siemens Indonesia
